

VOLUNTARY MONITORING PROGRAM

Opt-In Agreement for SB88 Compliance

I/We agree to the terms of service for the Voluntary Monitoring Program and give my/our permission to the Scott Valley and Shasta Valley Watermaster District to complete the services specified on side 2 of this agreement. For a diversion that serves multiple owners, each owner must sign. This agreement does not apply to irrigation districts, mutual water companies, associations or municipal water suppliers (these entities should call the District Administrative Office for assistance).

Terms of Service

I/We agree to submit the cost payments indicated on side 2 of this agreement along with the request for service. I/We understand there is no obligation to continue water measurement monitoring services and may opt-out with a 15-day written notice by all owner's identified above. Failure to pre-pay the agreed amount for frequency and number of visits also terminates this agreement. I/We understand that in order to allow the Deputy Watermaster to accurately record water diversions, I/we may be required to purchase, install and certify measurement devices or other equipment, or to submit and obtain State Water Board approval of a measurement method or alternative measurement or alternative compliance plan, as required by SB 88 and State regulations.

Access

Access to the diversion and/or measurement site is granted by the Diversion Owner(s) to the District, its employees, agents, assigns or contractors, for the services provided by the District (see side 2 of this agreement).

[] If this box is checked a diversion or measurement site is located on property that is owned by a private property owner not listed as a diversion owner in this agreement. Notification to the private property owner must be made prior to accessing site.

Please sign me/us up for the following:

☐ Initial consultation by Deputy Watermaster to evaluate diversions for service and to estimate the number of hours required to monitor. Please check the appropriate number of diversions here and complete the Diversions box below (unshaded columns only);

☐ 1 or 2 diversions. \$150

☐ 3 or more diversions. \$250

☐ GIS to map diversion locations, this is only available with the initial visit by the Deputy Watermaster. \$100

☐ Assistance with the submission of water measurement online forms (Device Certification, Measurement Method, Alternative Measurement/Compliance and Request for Extension of Time) to the Division of Water Rights. \$50 per form.

☐ Water measurement monitoring service for the following diversions (cost will be estimated by Deputy Watermaster after initial consultation), check this box after the initial visit has been completed;

Diversions:				Complete these columns with Deputy Watermaster			
Water Source	Tributary to	Diversion Number or Name	Acre Feet per Annum*	Method	Frequency	# Visits	Cost for _____(Year)
Sub-Total							\$
Plus Admin.**							\$145
TOTAL							\$

*If you do not know the AFA, you may provide the cubic feet per second (cfs) amount with begin and end dates for each diversion period (or season).

**Admin includes the cost of processing this request and a report of measured flow.
